The members of School 21 Parent Teacher Association, gratefully acknowledge their thanks to Dr. Theodore Goldin whose skill and efforts made this folder possible.

We also thank Miss Marion K. King, principal, the faculty and students, for their wholehearted co-operation.

We are indebted to Mr. Benjamin Grossman for his generosity in printing the folders and to Mrs. Theodore Goldin, chairman for the project.

May these impressions of your children at work and play, serve as a memento and a tribute to the spirit that is 21.
